3B | **BRAE'S
BROWN
BAGS**

This month, we dine to benefit Brae's Brown Bags (3B). 3B was founded in 2013 by 9 year old Braeden Quinn Mannering. He wished to provide healthy snacks to homeless and low-income individuals. Today 3B has handed out over 4,024 bags containing healthy food, water and helpful brochures. "It's like a soup kitchen on-the-go." In addition to packing and delivering brown bags to people and places in need, 3B also hosts events and fundraisers to help raise money for organizations who are also fighting to end hunger. For more information on 3B visit <http://braedenquinn.com/>
